

Dynamix Group Wins 2009 IBM Beacon Award

IBM Recognizes Dynamix Group, Inc. for Outstanding Achievements in Business and Technology Excellence

Roswell, Georgia – June 10, 2009 – Dynamix Group, Inc., an IBM Premier Business Partner and leading information technology company that addresses customers' strategic IT business needs by offering a wide range of IBM products and services, was named winner of the award for the "Outstanding Product Affinity Services Solution" in the 2009 IBM Beacon Awards competition for delivering outstanding value and innovative approaches to helping clients address unique business challenges.

The IBM Beacon Awards are an integral part of IBM's PartnerWorld program, which provides industry recognition, increased visibility and promotional opportunities to IBM global Business Partners. Members of IBM PartnerWorld benefit from global marketing and technical enablement initiatives to drive new revenue and market opportunities through the delivery of innovative business solutions.

"We are very proud to have won an IBM Beacon Award this year," says Chuck Hawkins, President of Dynamix Group. "Dynamix Group is honored and takes great pride in receiving this very special award and would like to recognize IBM Maintenance Support team and our IBM Global Technology Services colleagues for their assistance as they joined Dynamix Group's sales teams in making this solution a great success."

The IBM Beacon Awards recognize excellence in the development and delivery of solutions and services that Business Partners deliver to clients around the world. More than 340 nominations were judged by a team of leading industry journalists, analysts and IBM executives, who selected winners and finalists in the 22 award categories.

"IBM is dedicated to helping our global Business Partners deliver innovative solutions that enable our joint clients transform their business operations," said Rich Hume, general manager, IBM Global Business Partner Organization. "Dynamix Group was recognized in the "IBM Global Technology Services - Outstanding Product Affinity Services Solution" category based on their technology leadership and commitment to delivering customer value. This award is a testament to their commitment to delivering on IBM's smarter planet vision."
